Reciting From Heart, Worship in Righteousness!

A step through of worship to Father God is not a capsule read, as with prayer and praise in the Holy Bible. This is how ministries are able to have their congregations pray & praise, then leave site thinking that all have worshiped God in righteousness. Which is not the case.

Satan has acts of worship from his followers, while Father God has his word to receive worship from his Believers heart to mouth. How so, if you can't recite a word from God's scripture (Holy Bible) back to God, then you have never worshiped God. I'm not sent to correct religions of today's temples/churches etc. However, I write the grant (a step through) for verse: Romans 15:6, so all can reverence God's request of being glorified. Understand, our God wants to inhabit our worship, all together, bringing a cup of glory to his ears from earth. Only Jesus accomplished such works: *Father, glorify your name" John 12:28.*

God always speaks to diviners before his Raft takes affect upon the land. Heartfully for God-sakes, assemble with worship in one-voice glorifying God and Father of our Lord Jesus Christ. We are assigned a posture (hands up, eyes up) in this request, don't break form. God's Mercy is not like calling on God's wisdom. Are there even scripture for Mercy? We'll do better loving on Mercy while it's not too late and before God's Raft in Michigan!

Most Believers know God's harmony is required before Man can continue without chaos in government, church and citizens. Take time, focus on Romans 15:6 and how a harmony living grant from God may be received after God has glorified His name, Romans 15:5.

Join us, register now, God must be lifted up! This glory is not something we can do in our churches or homes, but together we must lift up our God outside in the earth!
