

Grant Requires a Cup of Glory ©

Preach1 Day is using every effort to deliver a divine word to people that may not get our letters and read themselves, but through the powers that be in me, they will get this message in their ears and to their hearts somehow. Message 1: harmony is your answered prayers. Harmony is liken to a melody that mist out from your soul, and when you loose harmony a doctor may call it a cancer, heart disease, etc., lost of harmony maybe diagnose as a lack of resources or money, diagnosed by a banker, it's NSF., bad credit problems or maybe over overtaking debt. You must be denied based on the world's fact finding systems, but truthfully you were educated for a job but the jobs went away.

Hold it right here, there is a word calling us to action, just waiting for someone spiritual and lowly enough to pick up on it and lead! I'll need to size you up first. You never had anyone to say to you "let's bring a cup of glory to God for our deliverance". Well the only one who ever did it to the letter is named Jesus Christ, who would asked the Father if the cup could be removed "as to say" is there any other way to do this without the cross and me hanging on it, but let your will be done Father! Message 2: I am asking you to come with me to reign with a cup of glory for God and Father of our Lord Jesus Christ! After Jesus, there is another way to come greater without the cross and live to tell about it!

A cup of glory couldn't be done without the interpretation from the

LORD, His Holy Spirit and Bible scriptures. After many years of spiritual labor on how God wants to be ministered to by worship that shall grant Michigan windows of heavenly grace!

Here again, you can size me up, this is not clergy-temple material, are you with me? I doubt any clergy have ever asked anyone to deliver a cup of glory to the Host. I am saying that the temple handles matter of the temple but the spirit handle matters everywhere. God is seeking a one-voice worship to break evil strongholds so unity living can take place in Michigan by his grant of harmony, Romans 15:5-6 esv. Abides in the assemble of people for a once in a lifetime worship of two minutes!

Know that God has put glory in everything he made, that's bible text. So human, animals, fish, insects, stars etc. have their measure. Let's believe that God gets glory as often as requires from His creations, that the rocks have not cried out ahead of men. I'm saying glory is given as the world comes to God believing. We have a job to do and time is short for a multitude of people is needed to face the host with a cup of glory offering for God and Father of our Lord Jesus Christ. We'll know our worship brought a curtsy to God by hearing His voice in our ears. As when Jesus came to His check point of glory and he asked the Father to glorify His name. By voice, a word spoke from heaven and was heard in the crowd's ears: *John 12: 27-30*. God has not changed, we'll all

have a testimony once we deliver the cup of glory after the exit of the 2 minute in worship!

All hell is going to have someone from your pray house saying: "We give a cup of glory to God all the time and on Sundays", I pray it's not your pastor saying this. A cup of glory has never been offered since Jesus Christ (*the Lord of glory*). You can't test your church congregation who's praising and praying to hear God's audio voice. Cup of glory would never be offered by denominational religious services, there place is mainly ministering to you or us. This ministry requires honor by spirit, reciting at least one verse to God, together at the designated time for 2 minutes of worship as one Human Bible, without praying.

Take God's offer! Too many are now perishing city wide, our churches are not yet holy enough, without strength we can't wait years lead by man's failed leadership. God has given His word of Romans 15:5-6 with interpretation, we must assemble ourselves as begot's of Christ, bearing glory before our Lord, Saints of the most high God! Register a bible verse and let your scripture meditate in your heart for a 'Cup of Glory' upward brings harmony downward. This is vision to stop man from perishing city by city once Michigan is covenant with God.
